Empowering Electrical Technology for more than 40 Years

**Premium electrical services across
Sydney, Central Coast and Newcastle**

Providing Over 40 Years of Electrical Innovation

We're a family-owned and run electrical contracting business with a focus on superior quality and outstanding customer service. Instilling our core values into everything that we do, we've built a reputation as a highly skilled, trusted and reliable team.

Innovation and efficiency are at the heart of our services and safety is our top priority. Our team are all trained in the latest policies and practices to ensure our clients get only the best quality workmanship.

Areas We Cover

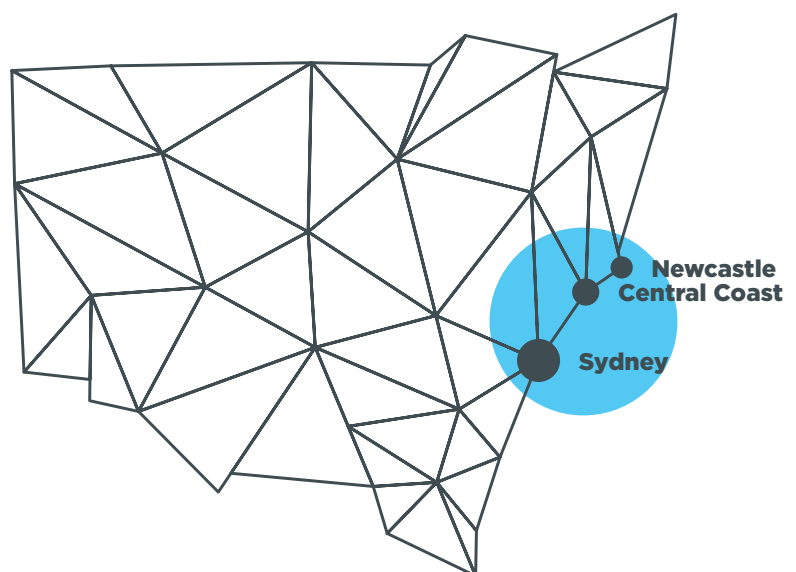

With offices located in Sydney's CBD, Sydney's Northern Suburbs and Somersby on the Central Coast, we're conveniently located to service businesses and homes throughout the entire Sydney, Central Coast and Newcastle area. Our reliable team can get to you quickly, and we're always on time.

Our Clients

We have a large dedicated team which allows us to provide our services to Strata Managers, Property Managers, facility maintenance companies and businesses across the Sydney, Central Coast and Newcastle areas.

We're also perfectly positioned to help clients with a host of different projects and regularly work with, Architects, Designers, Electrical Consultants, fit out companies, Builders and homeowners.

It's safe to say that we're equipped to handle just about any electrical challenge.

How We Can Help

We provide a full range of commercial and residential electrical services. Just a few of the services our team can help with are:

Office Fit Outs

Whether you're moving to new premises or need to upgrade your current space, we handle the entire electrical fit out of your office so your business can stay productive.

New Builds

From a simple power point to the smartest electrical technologies, your new build will be managed efficiently and set-up safely.

Smart Office and Home Technology

Keep your office or home at the forefront of the latest technology for the ultimate in efficient and fun modern electrical technology.

Electrical Maintenance

From general repairs to ongoing monitoring and maintenance of your systems, we ensure your electrical setup continues powering your office or home efficiently.

Preventative Maintenance

Our years of experience across a wide variety of jobs allows us to prevent problems before they arise, which saves you both time and money.

Emergency Lighting Testing and Repairs

Ensure the safety of every member of your workplace with fully functioning emergency lighting that helps to alert and direct people in your building while complying with WHS regulations.

RCD Testing and Repairs

Our expert team will handle the ongoing maintenance of testing of your RCD to help prevent serious harm and accidents.

Testing and Tagging

We provide testing and tagging with the latest technology to ensure your business complies with all the most recent laws.

Switchboard Installs and Upgrades

We deliver a range of switchboard options designed to safely and efficiently power the increasing electrical demands of your property.

Phone and Data Services

From data and fibre cabling to the supply and installations of data outlets, data racks and patch panels, we make quick communication a breeze in your office or home.

LED Lighting Up Grades

We design and install your LED upgrade project, from simple upgrades to complex commercial projects, to save you money on energy bills and eligible for rebates.
